Dear Mr. Powell.

I am writing in reference to a recent newspaper editorial written by Molly Ivins entitled "Maximizing a Minimal Media." It points out the sweeping changes in the FCC rules toward media concentration/monopolies that you are falsely promoting in the name of the free market.

I am a Republican. However, when one company named "Clear Channel" is said to own more than 1200 stations in this nation, I think it is time for every decent American citizens to rebel. It is obvious that you and the commissioner of the FCC are leading our country toward totalitarianism.... and I cannot remain silent.

The facts speak for themselves. America doesn't need you. It is clear from this article that you are backing power in a march toward American dictatorship! America needs someone who will support and uphold the supreme Court decision of 1969... someone who views the airwaves not simply as a corporate welfare program, but as a public trust- required to encourage competition and reflect opposing viewpoints!

In the name of democracy and freedom, I demand your immediate resignation and the return of public airwaves and first amendment rights to their constitutional owners NOW....the citizens and taxpayers of the United States of America.

Sincerely,

Kenneth Hart
